MRS. C. W. VALLETTE

COME 'N' LOOK GARDENS

DECLO, IDAHO

Postage paid on orders of \$5.00 or more; on smaller orders, or on collections of 25 or more, please add .35 for postage. **If you will send an additional \$1.00 toward postage, I will include \$2.00 extra iris, MY CHOICE.** Shipping ends Oct. 1, and begins July 1; rhizomes are not mature enough to send earlier. Free replacement of plants that die if reported by Oct 1, but I cannot be responsible for winter-kill. Varieties untrue to name will be replaced if reported upon blooming, except those bought from "bargain-basement" ads; on these, full price will be charged, less the amount actually paid. My rhizomes are not forced in any way, and do not grow to huge size, but judging by reports from satisfied customers all over the country, they do better almost everywhere than big lush one that rot easily. Kinds in parenthesis are onco-hybrids, and usually have small rhizomes, as do some Talls and all Dwarfs. **Dwarfs and Lilliputs** are in heavy print.

I send freshly dug, well packed, State-inspected plants, but sometimes due to hot weather or to delay in the mail, they may be dry when received. Please do not write me about this, as **it does not hurt them in the least**, and these dry-looking plants often start growing quicker than nice fresh one. If you wish to insure quick delivery by mail, enclose .35 extra for a **SPECIAL HANDLING** stamp. Orders filled in rotation, beginning as soon as possible after July 1, unless some special shipping date is given. July or August are best for planting in the North, but September is better in dry, hot areas further south.

This list contains almost 2000 varieties, old and new, American and foreign, but all lovely. I strongly urge you not to confine yourself to things you know—take a chance and get some you haven't seen, that everyone doesn't have. You're sure to be delighted with them when they bloom!

Prices run from 1/3 - 3/4 catalog, according to stock on hand. For still greater savings, order a MY CHOICE collection in any price class. Or send me \$5.00 and I will send you \$7.50 value, priced from .30 on up, in a good color-range, from all groups. This offer, made to dispose of surplus, is strictly **my choice**. Please do not order iris I do not list without writing to see if I can supply them. Perhaps I can; I have over 1500 not listed, of mostly newer things and if I don't have it, I may be able to get it for you at a substantial reduction. I do not issue a wholesale list, and make no price reduction beyond collections, etc. listed here.

GIFT IRIS sent with all orders of \$3.00 or more, except MY CHOICE collections, which do not count on gifts, though if \$1 is added for postage, \$2 in extra iris will be sent free. To induce early ordering, orders over \$3.00 postmarked before July 1 may select 10%, or over \$11.00 may select 15% extra of iris worth up to .50 each, besides the gifts of my own selection. Items marked * are short supply, and such **NET items will not be sent as gifts, and may not be included in collections**, so please do not ask for them, or I shall have to substitute. I will also substitute something familiar of equal or greater value if sold out of anything, unless you say not to; I've never yet made a substitution with which the customer was not pleased, so I hope you will not refuse permission to do so in case of need. **Please do not order more than one of a kind of NET items**, and if you order NET items after Aug. 1, list a few extras in case I am sold out of some.
